Java

Front-end

Python

Adobe Photoshop

MySQL

Education

Bachelor of Engineering

2019/09 - 2023/04

- Graduating from Jeppiaar SRR Engineering College
- CGPA : 7.0 out of 10 (Till 5th semester).

Mini Projects

License Plate Detection

Duration: one month

Recognizing a Car License Plate is a very important task for a camera surveillance-based security system. We can extract the license plate from an image using some computer vision techniques and then we can use Optical Character Recognition to recognize the license number. Here I will guide you through the whole procedure of this task.
